24	25	26	27 PRIME TIME OVERVIEW	28
31	1 November	2	3 USING FACEBOOK/ NWM OBJECTIONS	4

BABY BOOMER MARKET PART I & II (1 hour) – Here you will learn about the baby boomer market and what it is like.—What are their pain points? What are they looking for? Where are they found? How do they feel about network marketing? This call includes an open discussion about how we currently approach a baby boomer.

PRIME TIME OVERVIEW (1 hour) - These meetings will provide you with high-level details and talking points about the group, so you have a good understanding of the amazing community we will be building together.

The series of meetings below will cover two topics, each about 30 minutes long. Sharing is an important part of learning, so please bring your stories—whether your stories include advice or difficulties you've been having.

WEIGHT & AGEING - How ageing affects weight management

USING FACEBOOK - How do you maximise the use of Facebook socially and as a tool for business

NWM (NETWORK MARKETING) OBJECTIONS - How to overcome someone saying they've had experience with another company and are not willing to try Isagenix

All meetings take place in the Prime Time Meeting Room: <https://zoom.us/j/4626865804>
