HELPFUL DEFINITIONS

CYCLE GROWTH POINTS

Increase your monthly net cycles over your Cycle Average to receive points in 'Cycle Growth'. Basically this means we take the average of your weekly cycles over the last 13 weeks, this becomes your Cycle Average. We calculate how many cycles you've earned in the commission week minus your Cycle Average to get your growth for the week. We then add your weekly growth for the month to get your Cycle Growth Points. You must have a positive growth of 2 or more to play in the pool.

Here's an example:

CYCLE AVERAGE: 10 (Previous 13 weeks)

	CYCLES	AVERAGE	GROWTH
Week 1	11	- 10	= 1
Week 2	8	- 10	= -2
Week 3	12	- 10	= 2
Week 4	12	- 10	= 2
CYCLE GROWTH			3

HOW THE CASH IS DISTRIBUTED

Each point you earn in the month is like a share. At the end of the month we tally every qualified Associate's points to give us a total points earned. So if there was a total of 100 points earned in the \$30,000 Power Pool for the month, and Michael earns 10 of those points, he will earn 10% of the pool.

$\$30,000 \times 10\% = \$3,000 \text{ USD}$

There's a total of \$60,000 per month up for grabs and each month the Bonus Pool restarts.

BONUS POOL RULES

1. Only members in Australia and New Zealand are eligible to participate in the Bonus Pool.
2. Daily Paid-As Rank and Team Bonus Cycles will be used to determine eligibility.
3. To participate in the pools members must be a Paid-As Executive for each day during the commission week for a minimum of one week to be eligible to participate.
4. For the purpose of this promotion only Team Bonus Cycles generated from BV accumulated in your two teams are counted for qualification. Executive Match, PIB Equivalent and Retail Profit Equivalent Cycles are not included.
5. Team Bonus Cycles are the paid cycles generated during the commission week.
6. The Cycle Average is a 13-week average (paid weeks) of your paid Team Bonus cycles. This value is recalculated each month; see the Bonus Pool calendar for dates.
7. Members who qualify for the Bonus Pool but don't have the 13 paid weeks available for use in the Cycle Average calculation will have the maximum number of available paid weeks used.
8. Cycle Growth is the sum of your weekly cycles minus your Cycle Average (both positive and negative) added together for the month. To participate in the Bonus Pool, you must have a Cycle Growth of 2 or more for the month.
9. Personal enrolment points are capped at a maximum 5 points for the promotion month.
10. Power Pool: The maximum bonus per month per Associate is capped at \$5,000 USD per month.
11. Elite Pool: The maximum bonus per month per Associate is capped at \$10,000 USD per month.
12. For members with re-entry positions, all positions are combined for both Weekly Net Cycle Growth and Monthly Net Cycle Growth determination. The highest Paid-As Rank of all positions determines eligibility. Re-entry positions are not combined for rank determination and Pool eligibility.
13. All Paid-As Executives regardless of join date, can participate. However, if you are a 0-3 Star Golden Circle you are eligible to participate in the Power Pool for a maximum of 12 consecutive months.
14. Autoship Associates who qualify for the Power Pool can participate for a maximum of 12 months. The first month that an Autoship Associate participates in the Power Pool will count as month 1. After 12 months are complete the Associate will no longer be eligible to participate in the Power Pool.
Example: Joe participated in the Power Pool in March 2014 for the first time. Regardless of his participation over the next months the last month he can participate in the Power Pool will be February 2015.
15. All Associates regardless of their participation in pools previous to March 2014 will have their 12 months period reset.
16. If an Autoship Associate participates in any of the pools every week during the commission month they will be paid out based on the specific pool that was participated in.
Example: Joe participated in the Power Pool for one week in September. The other three weeks of the commission month Joe participated in the Elite Pool. Joe will receive a payout from the Power Pool and the Elite Pool based on the number of shares he earned.
