Earning levels or income statements (including claims such as the ability to quit a job or stay at home or portrayals of luxury lifestyles) for the Isagenix Independent Associates discussed here exceed the average results achieved by all Associates during the same time period, are not necessarily representative of the success or compensation that any particular Associate will receive and should not be construed as typical or average.

The ability to earn income under the Isagenix Compensation Plan depends on many factors including an individual Associate's business, social and sales skills; personal ambition and activity; availability of time and financial resources; and access to a large network of family, friends and business contacts. Isagenix cannot and does not guarantee any particular level of earnings. Even Associates who dedicate a significant amount of time, effort and personal funds may not achieve a meaningful level of success. For average earnings, please refer to ANZ.IsagenixEarnings.com.
